j-tech systems
Better Labelling, Packaging and Automation

Winning with Automation

Why invest in automation?

j-tech systems
Better Labelling, Packaging and Automation

- Make packing your product easier
- Fill the labour gap
- Greater consistency
- Increased productivity
- Improved flexibility on when you operate
- Greater certainty on your costs of operation
- More capacity to focus on value add activities
- Reduce costs

Objections to automation?

j-tech systems
Better Labelling, Packaging and Automation

- It’s only for the big guys
- We don’t have enough volume
- We’ve always done it this way
- I looked years ago
- It won’t work here
- It’s all or nothing
- We can’t afford it

When should I invest?

j-tech systems
Better Labelling, Packaging and Automation

- When and where it make sense
- Automation is a journey
- Each step is a win
- Each win compounds
