

INNOVATION FOR GROWTH.

# **Orchard Mechanisation & Spray Technology**

# Pressures to mechanise operations?

- Labour costs
- Labour availability
- OH&S Challenges
- Time constraints

# What is being used today in our orchards

- Some use of various platforms for picking and year round op

# Are robots the future in fruit picking technology

# Mechanical Pruning Solutions

# Mechanical Thinning Solutions

# Autonomous Tractors

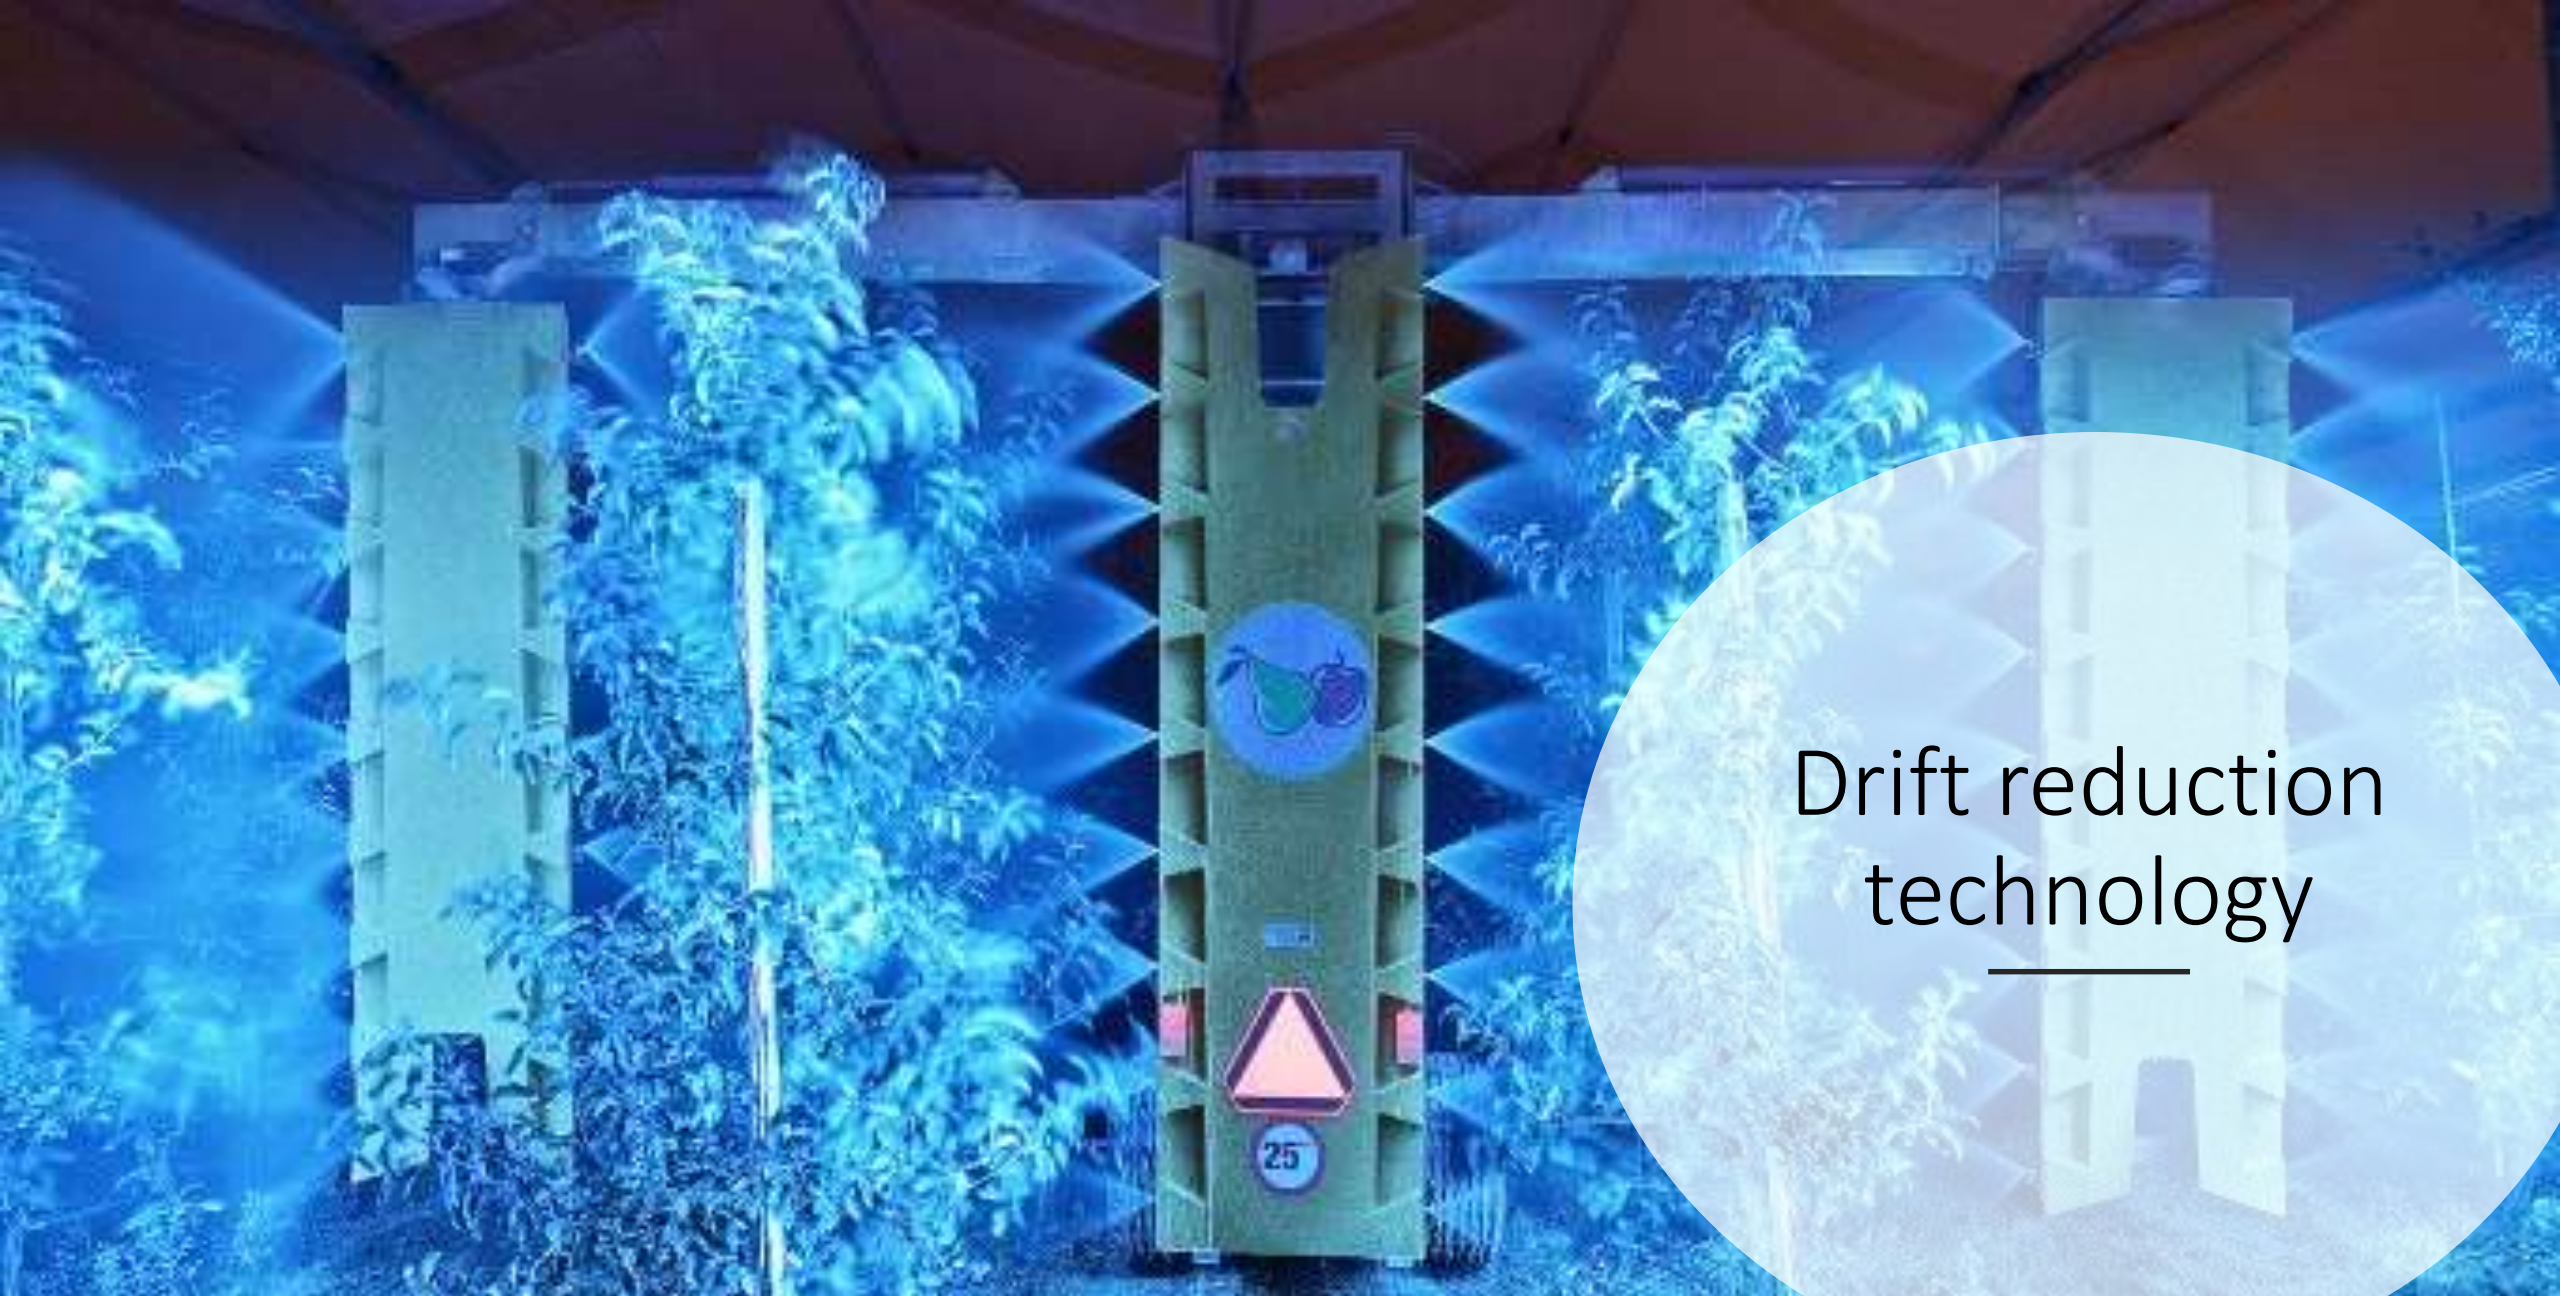

# Spray Technology

# Multirow Sprayers

# Drift reduction technology
