PINK LADY MATURITY

24 APRIL 2020

Continue to check brix prior to harvesting especially if harvesting for direct marketing.

Pink Lady™ apples still ok for MTCA now. Growers should double check their own maturity as blocks can vary depending on strain and rootstock.

The next week is key to getting Pinks harvested at the correct maturity to avoid excessive bruising at harvest. Traditional Cripps Pink are always a challenge if left on the tree too long when waiting for increased colour.

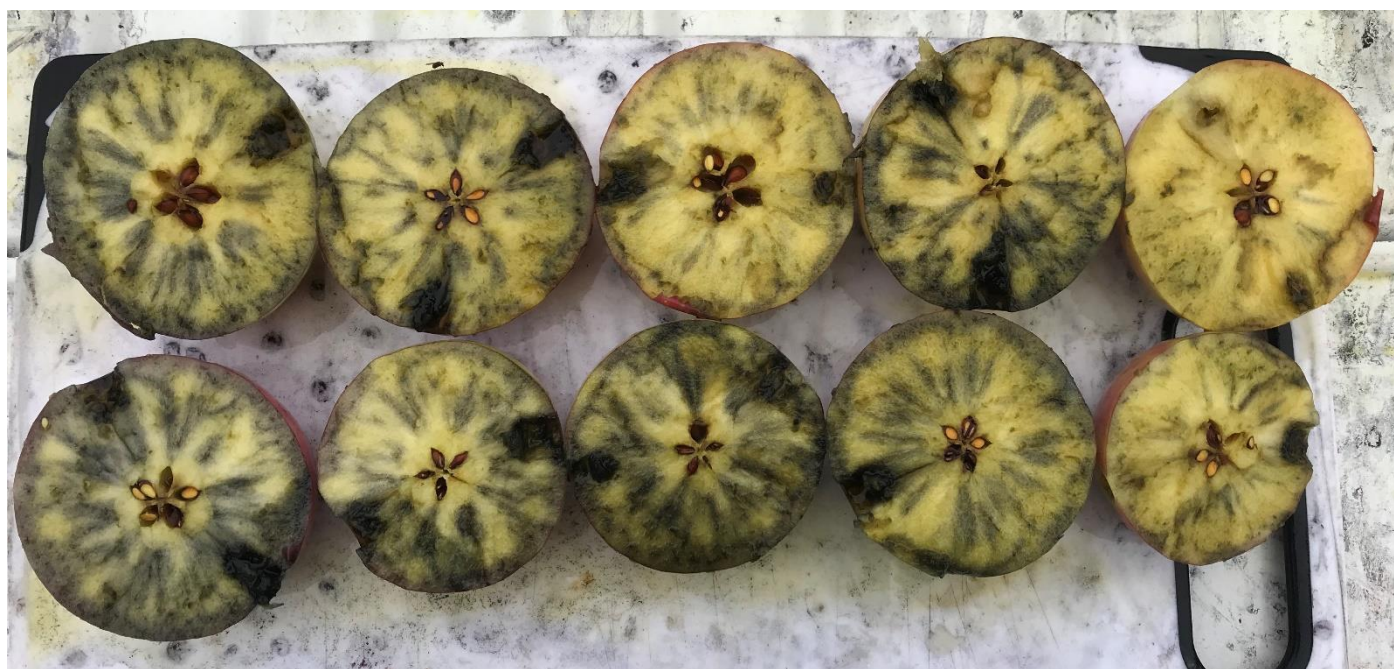

Michael Crisera
